ASHRAE TECHNOLOGY AWARD FOR U.S. COAST GUARD SHORE OPERATIONS BUILDING

Dawne Herrick, a mechanical and fire protection engineer with CDi Engineers, recently received an ASHRAE Technology Award, New Commercial Buildings Category, from ASHRAE Puget Sound Chapter for her submittal of the U.S. Coast Guard Shore Operations Building. She will be presented with the award at the May 14 Puget Sound Chapter meeting.

The Shore Operations Building is a new 57,000 SF office/administration/command center building for the U.S. Coast Guard in Seattle, Washington. The project achieved LEED[®] Silver Certification.

ASHRAE Technology Awards are the HVAC&R industry's most prestigious honor for efficient energy use in buildings and environmental system performance. They recognize outstanding design innovation and successful implementation.

CDi Engineers is a mechanical consulting firm headquartered in Lynnwood, Washington.
