

Emergency Contact Information

Cat's/Dog's Name: _____ File#: _____

Owners Name: _____ Date: _____

Our Protocol:

Our standard procedure when a cat or dog is injured or becomes ill is to try and reach the emergency contact person. If we feel that the dog requires medical attention and are unable to reach the emergency contact, your cat or dog would be taken to Hollywood Hills Animal Hospital. If the problem occurs after hours, we will then use the emergency clinic. We would not take your cat or dog to your own vet under normal circumstances. It would not be unusual for our vet to contact your vet for needed information or professional courtesy.

Who would you like us to call in case of an emergency, and are they aware that they are listed as the emergency contact?

Elderly or Special Needs Cat or Dog

The Academy is privileged to have a large and knowledgeable staff that can see to our client's elderly cats and dogs as well as those with most medical needs. Although it's hard to imagine, if your cat or dog should happen to pass away while on site, we would like to know what you would prefer we do, given we can not get in touch with you, until you have returned home.
